romantic comedies and melodramas were very popular in the 1930s, along with horror movies. if youre looking for a specific genre to watch from those years, try the horror comedies of roopkamalal ishq, which follows the lives of four middle-class couples (three different women and one man) as they attempt to get their husbands to fall in love with them by any means necessary. its breezy and tongue-in-cheek, but its the charm of the people and writing that makes it worth a watch. locked into conservative beliefs, ramlal takes his dysfunctional family to the countryside and decides to get them to believe in christianity. the film is hokey and simplistic, but the ultimate virtue of the film is its high calibre performances from the lead actors and a refreshing lack of subplot. its a real riot to watch and gets a lot of mileage out of a commendable effort to hold two very different sets of beliefs together. streaming and downloading this web series is easy. add this website to your list and check it daily. 1filmy4wap.art host this site and all new episodes are published automatically daily.online is also checked daily to show you the most

updated content. with only one previous film (socha na tha) behind him, director imtiaz ali announced his arrival on the big stage with a movie starring real-life lovers shahid kapoor and kareena kapoor. jab we met established imtiazs trademark filmmaking style, which includes conversational romance and travel. suicidal businessman aditya (shahid kapoor) bumps into feisty geet (kareena kapoor, in a career-defining performance), whos on the run from her family. they go from being unlikely travel companions to friends to, eventually, lovers.

director karan malhotra works in a highly stylised and experimental manner, delivering a truly unique cinema experience. blending a diverse cast of seasoned performers and newcomers, this documentary follows the lives of indian street artists from across the country who offer their artistry to a city that is fascinated by them. these artists share their stories and sketches in an informal manner. shot in a number of indian cities, including delhi and mumbai, these artists use performance, dance, music, song and movement to create beautiful pieces in public spaces. satyajit ray was one of the greatest filmmakers of our time, holding a place among the pantheon of world cinema greats. his films delved into themes of morality, politics, nature, religion and philosophy in ways that still impact the cinema of today, in both india and around the world. director kaushik ganguly presents a unique brand of film:

a tribute to ray and other modern masters, designed to inspire new filmmakers. satyajit ray (1982) is at the centre of the tribute with hand-picked musical score, camera work, special effects and costumes designed by ganguly, as well as the original brief written by ray himself. this film is a vivid, magical and colourful tribute to ray and his legacy. gangs have a history of being described in negative terms: as unruly, violent or predatory. in gang of killers, however, everything is described differently. director ranbir Kapoor uses the life stories of three gang members - one a born criminal, one who turned from street-fighting, and the third who is a victim of social and economic pressures - to explore the hopes and fears of a generation. shot in black-and-white, gang of killers is a personal portrait of three men as they struggle to survive in society. 5ec8ef588b
